Are Megapixels Everything? Before I get into the Pros and Cons of DSLRs vs Point and Shoot digital cameras I want to address a common misconception that I regularly hear among digital camera owners â€“ that a cameras megapixel rating is the main thing to consider when determining a cameraâ€™s quality.

Should You Buy a DSLR or Point and Shoot Digital Camera?
Photo manipulation involves transforming or altering a photograph using various methods and techniques to achieve desired results. Some photo manipulations are considered skillful artwork while others are frowned upon as unethical practices, especially when used to deceive the public, such as that used for political propaganda, or to make a product or person look better.
