Digital compositing - Wikipedia

Mon, 17 Sep 2018 01:44:00 GMT *Node-based compositing packages often handle keyframing and time effects poorly, as their workflow does not stem directly from a timeline, as do layer-based compositing packages. Software which incorporates a node based interface include Natron , Apple Shake , Blender , Blackmagic Fusion , and The Foundry's Nuke .*

Steve Wright Digital FX | Master Trainer for VFX ...

Your path to learning to Nuke begins here in this 6 week Nuke 2D Compositing Workshop. This workshop introduces the Nuke interface and shows how to navigate between the viewer, node graph, curve editor, and property panels. Keyframe animation, expressions, and linking between nodes are covered in detail.
